

FEVER AT THE STRIP.

Forty Cherokee Boomers Stricken Down with Typhoid.

Heat and Hunger Claiming Victims Outside the Promised Land.

Missing People Who May Have Perished in Prairie Fires.

GUTHRIE, O. T., Sept. 15.—Thousands upon thousands of people are still arriving daily to enter the Promised Land and the situation is indeed getting serious all along the line. With from 4,000 to 12,000 people lined up at each registering booth, and the clerks tired out, but little headway can be made. The temperature was 102 degrees in the shade yesterday, with hot winds blowing clouds of dust, and water scarce. The prospect of spending many hours in line has disgusted many, and last night fully 300 people boarded the trains and left for their homes. Two men died yesterday of prostration, and one poor old negro, who came all the way from Georgia to get a home, perished from hunger and thirst.

At Stillwater the crowd is getting unruly and trouble is feared. A score of people are dangerously sick, and one has died. The fires in the Pawnee Reservation have swept over a large section of country, burning off the grass and destroying the improvements. The Indians have made all the allotments. A number of people are missing at Pawnee, and it is feared some of them have perished in the fires.

The whole eastern half of the strip was on fire last night, and hundreds of thousands of tons of hay was consumed. With all the grass burned off the land and to water in the streams the settlers will suffer terribly.

Reports from Hennessey are that 5,000 people are now in line. Typhoid fever has broken out among the people of the town because of impure water, and forty persons are already dangerously sick.

STRIPPERS HOLD UP A TRAIN.
Crossed with Thirst They Rob Cars of Ice and Water.

FORT WORTH, Tex., Sept. 15.—Conductors of Pullmans on the Rock Island train coming here yesterday report that in passing through the Strip the cars were attacked, and, despite desperate resistance, the thirty strippers robbed the cars of all the ice and water.

The men were armed with knives, pistols and the train crews bear the marks of fierce fighting. Many persons have gone from here into the Strip. A hundred more will go today.

Diamond Peddler Remanded.
Alvin Hatter, of 421 East Eighth street, was remanded in the Tombs Court this morning on a charge of grand larceny. Hatter, a Breckinridge, diamond merchant, of 53 and 55 Maiden lane, says Hatter obtained a pair of diamond earrings on merchandise. Hatter was to pay for the gems if he sold them. It is alleged that he pawned them.

HAS THE FAIR BEEN ROBBED?

Alleged Shortage in the Transportation Department.

CHICAGO, Sept. 15.—The Tribune this morning says: "Evidence of irregularity, or perhaps fraud, has come to light among the mine employees in the transportation department of the World's Fair."

"The entire contents between the covers of one bill register have been torn out, and a number of leaves from another. It would be the statement was made last evening that investigation so far shows a shortage of \$100,000."

MAY EXTEND THE BIG FAIR.

Project to Keep It Open Until the 1st of January.

CHICAGO, Sept. 15.—After a conference with a number of foreign commissioners, the World's Fair directors have called a special meeting for next Monday night to discuss the feasibility of extending the Exposition until Jan. 1, 1912.

It has been understood for some time among the managers of the Fair that it would be kept open later than Oct. 30, the time fixed by the charter. If the extension to the latter month seems to justify a move.

The heavy gate receipts and sudden increase in the regular daily crowds have now given the directors encouragement enough to justify serious consideration of the project.

APPEAL FROM BEAUFORT, S. C.

Mayor Gilroy Will Receive and Forward Contributions.

An appeal for aid for the sufferers by the typhoid in the Sea Island district on Aug. 27 was received from the Relief Committee by Mayor Gilroy this morning.

The appeal states that 500 were killed, 2,000 rendered homeless and fully 4,000 are dependent on charity for an existence. The appeal is signed by George Holmes, Mayor of Beaufort, S. C., and other prominent citizens. Mayor Gilroy said he would receive and promptly forward all contributions.

DESTITUTE ON A PIER.

Polish Woman and Four Children Shipped Here from Canada.

Hester Paris, a Polish woman, and her four children are on the North pier, North River, in a destitute condition. The case was reported to Commissioner of Immigration Senger today by a policeman of the steamboat squad.

The woman and her children started from Poland last May. They wandered about Europe up to the last night, and hundreds of thousands of tons of hay was consumed. With all the grass burned off the land and to water in the streams the settlers will suffer terribly.

TO THE RIGHT SPOT

Every dose seemed to go, when I began to take Hood's Sarsaparilla. I had a bad cough for nearly two years, coming on after the grip. I tried everything, went twice to the Hot Springs of Arkansas, but all did no good. I got a bottle of Hood's Sarsaparilla and it gave me relief at once. I can now breathe and I am much better every day. DECKER CURTIS, Madison, Wis., with an infant two weeks old, brought from a secondary window, and both are now in a precarious condition.

MR. BONNER'S VIEWS ON ALIX

Her Wonderful Performance Due to Pneumatic Tires.

He Recently Refused to Give \$20,000 for Her.

Robert Bonner was asked by an "Evening World" reporter today what he thought of Alix's performance at Washington Park, Chicago, yesterday.

The marvelous work of the young mare-trotting a mile, in a field of ten, in 2:07.34 and breaking the racing record for trotters, astonished all other followers of the turf.

Mr. Bonner was interested. He replied to the question: "First I'll tell you that Alix was offered to me recently for \$20,000, and something like a show of business passed over Mr. Bonner's face, he said: 'Of course, he continued, 'the reason for this marked increase in the speed of trotting horses is the advent of the new vehicle. It isn't a sulky; that's a misnomer. It's the new pneumatic tire vehicle."

"It has come to stay, and even now horse owners would soon think of hitching up to a coal cart as to the old style high-wheeled sulky."

It is noteworthy to suppose that the breed of horses has improved to such an extent during the last two years as to make such a difference in the record figures.

John Splan tells me that he finds that the new vehicle makes a difference of between five and six seconds in a mile, and that the reason for this is the pneumatic tires which knock off over three seconds of time in a mile.

"I have a horse that went 1:54 seconds better to the new machine."

"Yes, that's why comparatively unknown horses are coming to the front and making the horseman's eyes tickle with their performances."

"The Washington Park track, built on that elastic black prairie soil found in Illinois and Indiana, may have, and probably does, have something to do with Alix's work. That's where Bonner made her four-year-old record. On any of the grand circuit tracks it might be very different."

"Alix may improve, too, before the snow flies. October and November, you know, are great months for breaking records."

"How about Maud S.?" the reporter asked.

"I haven't much to say about Maud S. Anyway I don't think she can be got ready for anything this season."

"Do you intend to buy Alix, now?"

"Oh, it wouldn't do to talk about that now."

"But have you in mind any such thing?"

"I have got to catch a train, now. Sorry I can't talk any more; and Mr. Bonner hurried away with a knowing twinkle in his eye."

THREE CHILDREN BURNED TO DEATH.

REHOBOTH, Tenn., Sept. 15.—Near Millersville, Pa. where the residence of Milton Myers, a wealthy farmer, was lately destroyed by fire last night, and three children, aged ten, eight and three years, were burned. Mrs. Myers, with an infant two weeks old, brought from a secondary window, and both are now in a precarious condition.

THE SEVENTY-SEVEN'S ARMY.

Architect Thomas, of the Seventy-seventh Army, reported to the Army Board at its meeting today that work on the army was progressing satisfactorily. The board then authorized the issue of \$11,000 to contractor Galt for work done, and \$1,000 to the James R. Galt Company.

GOLD MISSING FROM THE MINT.

Reserve Vault at Philadelphia Reported 5,000 Ounces Short.

PHILADELPHIA, Sept. 15.—Sup. Baughman, of the Mint, late last night reported either to the Mint or to the Treasury a shortage of 5,000 ounces of gold, valued at \$100,000, in the reserve vault of the Mint.

The report of the shortage was telegraphed from Washington by The Ledger correspondent. The Mint was closed in 1907, and when gold, Baughman assumed charge of the Mint building in the reserve vault was not guarded, and Baughman receiving for the contents on faith.

The shortage, it is said, was discovered on a recent auditing.

Henry S. Coker, who had charge of the vault, has been employed in the Mint for forty-three years. The vault clearly shows that the doors have not been opened, and if there has been an abstraction, a following entrance must have been made through one of the walls, which are said to be only four inches in thickness.

A NEW CHINESE BILL

Mr. McGreevey Prepares a Substitute for the Everett Measure.

WASHINGTON, Sept. 15.—Representative McGreevey, Chairman of the House Committee on Foreign Affairs, has prepared a Chinese bill as a substitute for the Everett bill, which the Sub-Committee has adopted.

Mr. McGreevey declines to make public the text of his substitute until it has been submitted to the full Committee for consideration.

It is understood, however, that it is radically different from the pending measure. It has for its purpose the extension of the time within which Chinese may register and receive certificates of residence to six months after the passage of the act.

The substitute also defines and declares the meaning of the words "Chinese laborers."

Mr. McGreevey feels confident that the full Committee will reject the substitute to the House.

Two Women Speak
For the benefit of others.

Miss Helen Smith, 43 22d Place, Chicago, Ill., says:

"I was troubled with irregularity and leucorrhoea. I followed Mrs. Pinkham's advice, took her Vegetable Compound, and used her Sanative Wash."

"I now feel like a new woman, and am perfectly healthy."

Mrs. E. Fox, Woodstock, N. J., writes:

"I had been sick 10 years with womb trouble and leucorrhoea. I could do no work. Doctors could not help me."

Lydia E. Pinkham's Vegetable Compound did. Now I can do all my work, and stand nearly all day, and not feel tired. I cannot thank you enough. I recommend it to every woman who has any weakness."

All druggists sell it. Address, in confidence, LYDIA E. PINKHAM MED. CO., LOWELL, MASS.

MISS FEINBERG MAY RECOVER.

Wound by Her Suicide Lover's Pistol Not Considered Fatal.

The test of Joseph Goldstein, the father who committed suicide by shooting himself in the breast in Leon Garfield's room and over stairs, 315 Broadway street, last night, had not been received at 11 o'clock this morning. No representative of the coroner's office had visited the body up to that time.

Goldstein shot himself after warning Feinberg, his sweetheart, she is a handsome girl eighteen years old, and was engaged to Goldstein, who was twenty-four. Her affection, she confessed, were transferred to a young man named Louis Bloom, of 171 Fourth street.

Goldstein and Miss Feinberg in Garfield's room last night. He asked her to be his day for their marriage, and when she refused he drew a .38-caliber revolver and fired at her twice.

One of the bullets struck on the left side of her chin, and lodged in the muscle of her neck. The other missed her and splintered the headboard of a bed.

Goldstein then fired a shot into himself and died almost instantly.

Miss Feinberg was taken to Governor Ross' hospital. House Surgeon Carleton says she may recover.
